Who am I

As many people know, **I am a photographer with instinct and vocation** (that means: good eye and highly motivated).

What I do

I arrived at the crossroads between photography and illustration: **Creative Photography.**

With it I capture family events full of great moments and create unique portraits.

SMALL EVENTS ♥ BIG MOMENTS

When it was my turn to look for a photographer for my **small, cute and intimate wedding**, I could feel how little interest the professionals had.

How can someone capture emotion if that person doesn't feel the emotion?!

That really encouraged me to focus on these **special and endearing celebrations**.

I get involved in the projects and give all **my dedication, creativity and, of course, emotion** to collect all the special moments that will **always make you smile**.
